KEEP KIDS

GERM-FREE.

## LIMITED VISITATION POLICY AT CHOP MAIN

We all know winter is prime time for colds, the flu and other infections. But did you know hospitalized children are more susceptible to infection?

Due to this risk, Children's Hospital of Philadelphia limits visitors from the beginning of December through April. If your child becomes hospitalized, only primary caregivers, healthy siblings and four healthy designated visitors will be able to visit your child within the Hospital. All eligible visitors will be screened on a daily basis for signs and symptoms of illness, including fever, cough or GI symptoms. Anyone showing symptoms of illness will be asked to reschedule their visit.

Thank you for partnering with us to keep our patients safe!
